psMxml.exe

menu etc.
create file

PSMServet.bat

windows
resident
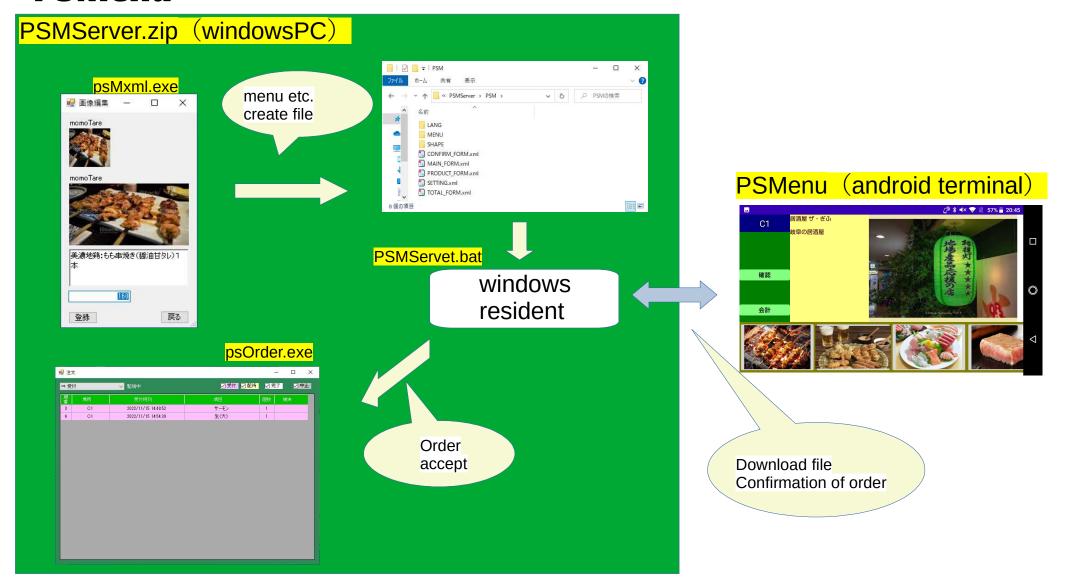

Order
accept

psOrder.exe

PSMenu（android terminal）

Download file
Confirmation of order

・Two types of resolutions are created as samples, but if they are different, please create them with the setting function (psMxml.exe)
・It is possible to operate the android terminal in Japanese and the windows terminal (psOrder.exe) in English.
・Please obtain PSMServer from "http://www.psmenu.xyz/" and PSMenu from "Google Play"
